HOMEWORK BOOTCAMP

presented by Sal Randazzese More than tutoring.....Mentoring!

As a result of my 40 years in education, I have learned a few lessons
Students will live up (or down) to the expectations set before them.
Achievement is not based upon being liked, or being in the right place.
Children need to be empowered to believe they are smart and capable.
They need to be provided with tools and support to accomplish this.
What will follow is the making of great choices – to continue believing in themselves.

If you are interested in having your child "raise the bar" with their homework/study skills/organizational issues.... consider... Homework Bootcamp!!

Program goals and objectives:

- Provide a positive learning environment.
Define the terms; choices and consequences. Hold each child accountable.
Build self reliance and empower each child to monitor themselves.
Believe that each student will meet the high expectations set before them.
Address fears and barriers to learning.
Create an attitudinal, empowering, learning, environment.

WHEN Wednesdays
WHO Grades 5 and 6
WHERE Flemington Public Library
